Borgo Art Gallery

where the unconscious takes shape

Borgo Art Gallery is located in Rome in the heart of the Borgo District between the Vatican City and the powerful Castle S. Angelo. The Borgo, a small neighborhood of Rome, recalls thousands of people every day to discover a small corner of the city that retains its popular character.

Anna Isopo, President of Arte Borgo Gallery uses the collaboration of established Art Critics and together with the Art Manager Alessandra Esposito realizes projects concerning the organization of personal and collective exhibitions.

The exhibition space of Borgo Art Gallery is dedicated to the protagonists of contemporary art in a dynamic context where every artist can freely express himself.

The apparent neutrality of the environment is essential for the exploitation of exposed works and the visibly open space is subdivided into almost autonomous portions and easily organized for any type of exhibition.

Borgo Art Gallery organizes:
