THE EXHIBITION

THE EXHIBITION

The exhibition will involve artists who will interpret, according to their style and research canons, the concept of freedom of expression in the universal language of contemporary art.

The eye of the artist has the gift of discovering things and seeing them in a different way, his marked sensitivity allows him to offer those who observe images that are stripped of their usual dress and wrapped in new light.

The observer can do nothing but enjoy this and enrich his soul thanks to a new point of view, a new angle with which to scrutinize his surroundings.

The exhibition therefore aims to highlight the extraordinary ability of art to go beyond the visible to arrive at an infinite universe made up of a thousand facets. The observer will have to do is let himself be guided by hand by sculptures and paintings on an extraordinary journey towards the spiritual.
